Well, time sure flies when you're having fun. It's been four years now and 15 News Bulletins later. In a way it seems like yesterday when I edited my first issue . . . and then again, it seems like it was forever ago! Through all the trials and tribulations, it has been a good four years for the Bulletin.

When the Bulletin was started almost 27 years ago the continued future and welfare of the Cardigan Welsh Corgi was in mind. There were articles of interest, National Specialty news and advertisements. Now, 27 years later, that is still true, only more so! Never before could the Bulletin boast of such a large readership and consequently, the Bulletin has changed to reflect current issues and concerns. Some have liked the changes; some not.

The Bulletin has grown — bigger, better and brighter. The number and scope of advertisements has increased tremendously. Articles from the membership now totally dominate our breed magazine — one accomplishment I'm very proud of. The National Specialty has grown to 4-5 days, and the Bulletin coverage has grown as well, now including judge's critiques as well as results and special features. In all this growth and betterment, the breed has been well represented. The Bulletin, *"the official publication of the CWCCA,"* continues to be broad-ranging, insightful, current and attractive. We are extremely lucky to have a breed club that has generously supported the production of one of the best breed publications in the country!

Since this is my last Editor's Page, I would like to thank every one who helped me over the last four years. First of all, thanks to LeRoy Doggett and Jane Walser, my first Associate Editors. LeRoy taught me so much about design work, and he probably didn't even know it! I just patiently watched over his shoulder as he massaged a page into perfection and hoped to absorb a tiny bit of his talent. The current "look" of the Bulletin is LeRoy's doing. Thank you, LeRoy. Jane took on what LeRoy couldn't and stretched her time and energy to the limits to help us set up ads. Another genius at design work, Jane taught me what was possible and impossible with a 5 1/2 x 8 inch page. Thanks, Jane.

Thank you also to my support crew — Roberta Gerlach, Bob Caldwell and Helen Jones, Linda Marcelli, Kay Cardinell and Mary Ellen Brown. These individuals helped a lot with the "garbage" jobs that I didn't have time for. They took on these jobs happily and never complained. Very commendable — thanks! A special

Editorial, continued on page 6

Am/Can Ch. Kingsbury's Carbon Copy "Maggie"

(Ch. Chimera Vestavia Cub Run, CD, HC x Ch. Redbud's Facsimile)
Whelped 1-19-92

Memorial Day weekend at the National Specialty marked the first anniversary of Maggie's appearance with Don in the show ring. In this short period of time they've managed to accumulate a phenomenal show record that includes 5 all-breed Bests in show, (2 back-to-back,) 2 Specialty Bests in Show (including the National,) 84 group placements, including 19 group ones, and over 100 breed wins. Maggie is currently the #1 Cardigan in both breed and all-breed competition, and she is the #2 Herding dog in the country, second only to the German Shepherd Ch. Altana's Mystique. (CC June '94 issue.)

I'm certain none of this would have been possible without the continued support of my friends, Cardigan breeders and fanciers. My heartfelt thanks to you all. A special thank you to the following Cardigan breeder judges for their seal of approval: Robert Caldwell (specialty,) Gayle Garvin, Steve Gladstone, Stephanie Hedgepath (supported show,) Janet Robinson (specialty,) Andrea Ternus (supported show.)

The breeding that produced Maggie has been repeated. Anticipated arrival is the end of August. Inquiries invited.

Breeder/Owner:
Jacque Schatz

KINGSBURY

"Maggie"

Cardigan Welsh Corgi Club of Southern California
Best of Breed

(Ch. Chimera Vestavia Cub Run, CD, HC x Ch. Redbud's
Facsimile)

Thank you breeder judge Robert Caldwell for
Maggie's first specialty win.

Handled by Don W. Glenn
(816) 322-2244

thank you to all my feature writers, reporters, editorial writers, and regional contributing editors. You provided the "meat" of the Bulletin. Never being one to back down from controversy, I gladly took the heat for some of these articles. However, I believe they accomplished what they were meant to — they made people think — even if they also made them mad.

Last but not least, **THANK YOU, THANK YOU, THANK YOU**, to all the advertisers over the years. You have helped the Bulletin to become what I always imagined it could be by supporting us financially. More than that, the advertisements provide an in-depth picture of what the breed is, where the breed is going, and what the breeders and exhibitors are striving for. Advertisements are the ultimate "personal picture" of the breed, breeders, exhibitors and owners. As I worked to make the advertisements interesting and visually stimulating, the advertisers pushed me by becoming more and more daring with their ideas for ads. Keep it up! Hopefully the Bulletin will stay fresh and become even more exciting with your ideas.

And again, since this is my last Editor's Page, you are going to get my final speech. Although the Bulletin has been a very rewarding experience for me, it also been a tremendous source of tension in my life. I've had to dodge many bullets — aimed at myself and the Bulletin in general. I remain accountable for all my actions as Editor of the Bulletin, but no one is perfect. The next Editor probably won't be perfect, either. This is your Bulletin. Your membership dues pay to support it. Advertisements pay to support it. The Bulletin is not meant to be a money-making endeavor, being subsidized as it is by a non-profit Club. The money that it loses is built into the CWCCA budget, and it doesn't lose more money than it is meant to. The Bulletin is *not* fully supported by advertisements. You would not be able to get the quality and frequency of publication if it were. This is a CWCCA publication — for the membership and by the membership. None of the Bulletin staff, the CWCCA Board or any of the contributors benefit financially from the Bulletin. This way the Bulletin can stay impartial, fair and unbiased. This is a not-for-profit publication. It is also a beautiful, exciting and wonderful source of information and news for a very deserving group of people — you! Support your Bulletin. Support your new Editor. Support your Club.

It's been fun. Peace, happiness and good luck to all of you —

TWINROC

"Quality, Because We Care"

Best Male Cardigan 1994 CWCCA National Specialty! CH. TWINROC MAX IN A MILLION

At the 93 National, he was a rising young star,
And as he matured, we believed he'd go far.
Now a year's come and gone and he went to St. Paul,
To compete with the Specials and to give it his all.
But *Maggie* was great, to her queen he played Rex,
She went Best of Breed, *Max* went Opposite Sex!!

In Memoriam

June Williams

"The language of friendship is not words but meanings. It is an intelligence above language."

Thoreau

Having let slip the bonds of physical existence, June's spirit is now free to watch over and guide those she loved. She was with us every mile and every minute of this year's specialty. We don't miss her because she dwells in a part of our hearts forever.

*Congratulations, Maggie
On Your 6 Best in Shows!*

Can. Ch. Kingsbury Flights of Fancy

(Joseter Joson x Ch. Redbud's Facsimile)

I am proud to present "Cachet," my first Cardigan. Cachet recently completed her Canadian Championship at the age of 9 1/2 months and is pointed in the US. We both enjoyed meeting all our new Cardigan friends at the National, who we only knew as voices on the phone before!

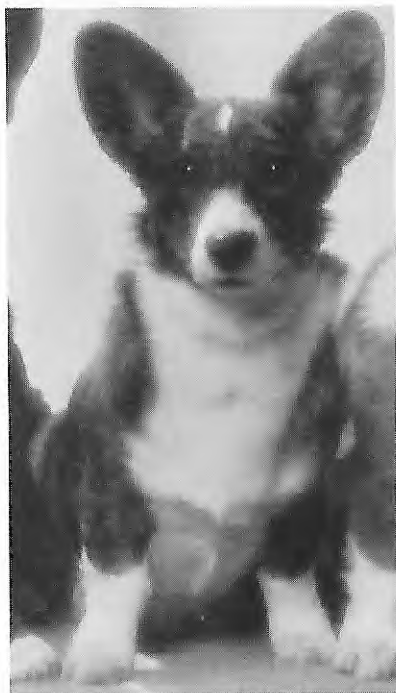

*Kallista
Millie Williams*

*2479 Mann Road

(616) 625-2560*

Heart of Gold Has A Lot of News To Tell . . .

We've been busy adding Obedience titles,
Herding titles, Championships and Group
Placements . . .

Speaking of Obedience Titles,

Ch. Phi-Vestavia Picture Perfect, TT, HCT, CGC, CD!

It was a long road, but Paige always kept it interesting. Her inventiveness never earned her high scores, but certainly won her a captive audience.

Heart of Gold
Lisa and Jay Phillips
(817) 855-1006

Faith City Kennel Club * Judge: D. J. Doltz

Best of Winners:

Ch.* Heart of Gold Make it so Abydos, CGC "Picard"

Winners Bitch:

Ch.* Heart of Gold Made in Heaven, CGC "Maddie"

(Ch. Phi-Vestavia Quasimodo x Ch. Phi-Vestavia Picture Perfect, TT, HCT, CGC, CD)

Both Maddie and Picard earned their second majors this day, with Maddie finishing one week later with a third major. Picard finished shortly after with two more wins. We are very proud of these two.

Heart of Gold

*pending AKC confirmation

Tizzy

Showing her talents as a producer,
herding dog, and beauty queen!

Am/Can. Ch. Phi-Vestavia Truth or Dare, HT*, HCT, CGC

(Am./Can. Ch. Phi-Vestavia Nautilus x "Paige")

As Tizzy is shown on a very limited basis, we are especially proud of the 3 Group Placements she picked up in 4 weekends out.

(817) 855-1006

And this is what we did on the other weekend!

Literally running out of the show ring into the herding arena, Tizzy qualified for her second leg and can now claim the title HT!

Pictured is Judge Tom Maeder presenting qualifying ribbons to Tizzy and her 1/2 brother, Picard.

Congratulations to Pic's owners, Connie and Frank Haschke, for Picard's first HT leg (even though I did have to take your dog in for you!)

Heart of Gold

Tizzy is very proud of her daughter **Trixie**, who is well on her way to her championship.

Heart of Gold Trix R For Kids

(Eng./Am. Ch. Beckrow Blue Cedar, JW x "Tizzy")

Trixie had a wonderful time at the Wichita, Kansas shows, going Best of Winners twice.

She is pictured above with breeder-judge Gayle Garvin who gave her Best of Winners for a 4 point major. Thank you Gayle, for appreciating my baby girl.

Heart of Gold

1994 National Specialty Critique - All Classes

by Janet Robinson

I would like to thank the CWCCA, its members, friends and all the exhibitors from here, Alaska and Canada from the bottom of my heart for this truly unforgettable occasion and for the privilege and honor of judging your Cardigans.

Thank you also to Mike Madell, Show Chairman, a tremendous task -well done. Barbara Bolick, who chauffeured and took care of me and then to my Ring Stewards Bev Muhlenhaupt, Susan Jackson, Mary Madecheck and Betty Jean Greig. Eddie Stuve, who never stopped doing something with ribbons, trophies, lunches and drinks and the rest of the 94 show committee. It was also a great pleasure to be at another show when Maureen Setter was Show Secretary. I met her at the Jubilee Show in Ohio 2 years ago and she did a fantastic job then and this year too. The venue was excellent and the hotel too.

It was such an honor to be asked to judge a National Specialty and was the highlight of my career in Corgis. I Thank You for the way you took my decisions.

Many of you know me because I've been your Ring Steward at National Specialties quite a few times. I've supported Cardis for 20 years and am so thrilled at how they have improved. I think our Cardis are superb and can knock the sox off Cardis anywhere. The Jubilee was overwhelming and continued this forward trend of improvement since Atlanta and this weekend was no exception - quality, type and soundness exuded.

I do have several negative things, though. There were far too many BITES that were not correct. Please try to reverse this trend now. Many, but not all, WIDE FRONTS were missing but not gone completely; so shoulders have improved and upper arm length too. Those of you that know me should realize that long nails are an absolute screaming peeve of mine. Trim those nails frequently (weekly) - do not chop off the ends the day of the show or worse still have them so long it ruins the feet.

Watch the size - we are supposed to be a "small dog" - I also realize the standard says "overall balance is more important than absolute size," but it says "a small dog sturdily built but not coarse." Some were way too BIG. Shy temperaments on a few caused me to spend extra time, which normally would not have bothered me but

we had an AKC field rep. all day and keeping on time seems to be more important than anything else.

Coats, with the exception of a couple, were correct. Many were blowing and should have been bathed and raked out. A clean, healthy top coat is preferable than tufts of undercoat waiting to fall out. Curb the use of your grooming sprays and mousses and whatever else was in some of those coats that made me sneeze and my eyes water.

There were many of your Cardis that I would love to have taken home with me. Thank you all again for this wonderful weekend - I had a fantastic time.

6-9 Puppy, Dogs

My best dog class.

1. **ZIRCON'S CASCADE AVALANCHE.** (Ch. Zircon's Bobby Socks x Ch. Kollage's Serendipity Sue br: Stuves ow: Stiglemans) A happy brindle and white boy. He was very sound coming and going with such a nice headpiece and held his level topline standing and on the go. Lovely silhouette. Showed well and presented beautifully. I was pleased to award him **WINNERS DOG**.

2. **KOLLAGES TWISTER COMING.** (Ch. Zircon's Bobby Socks x Ch. Tempest's Classy Chassis br: Harper & Brown ow: Andersons & Breeders) Another brindle and white, also sound both ways with a level topline and correct tail set. A little heavier in head type. (half brother to No.1.)

3. **SEVEN C'S RUSHMORE GOLD.** (Ch. Redbud's Face the Fax x Ch. Seven C's Shawnee br: Close & Ervin ow: Chapman & Close) A red and white with a pleasing head and expression. Good ears. Correct tail set. His topline was off and he crabbed when gaiting.

4. **PHI-VESTAVIA GREAT GUNS.** (Ch. Phi-Vestavia Nautilus x Ch. Phi-Vestavia Luck Be a Lady br/ow: Ormos & Ochs-Cline) He had a dead level topline and an excellent headpiece. His rear was good but was steeper in front angulation. A quality puppy.

9-12 Puppy, Dogs

1. **DAVENITCH PIZZAZ.** (Ch. Megwyn's Rowdy Roadrunner, CD x Ch. Davenitch Shiloh Luca br/ow: Whan) Pleasing heads and very similar in 1 & 2. He held his topline standing and moving.

2. **CARDACH GINGER BEER.** (Ch. Phi-Vestavia Oedipus Rex x Ch. Rhydowen Ginger Poppin, CD, HT br/ow: Bishop) Had a shorter hock than #1. His topline was level standing but did not hold on the go.

3. **ABERDOVEY'S CAPTAIN KIDD.** (Ch. Rhydowen Cymric x Ch. Pluperfect Prim N/ Proper br: Stockslager ow: McKinley) Another quality brindle and white boy. His shorter body length gave

him 3rd place.

4. **REDBUDS COPPERSMITH.** (Davenitch Copper Bopper x Ch. Chimera Vestavia Folly D. br/ow: Walser) A red and white with better proportions. Good head and ears - lovely short nails and tight feet. His wide rear movement cost him.

12-18 Month, Dogs

1. **SISTERWOOD PV GROVER.** (Ch. Zircon's Jack of Hearts x Chandler's Her Roy'l Happiness br: Gelvin & Mann ow: Seely) A red and white that took my eye when he came into the ring. Beautifully handled by a young man. A masculine head and correct type expression. Balanced proportions, level topline and good mover. Lovely silhouette. His front knuckled over and this cost him Winners Dog today.

2. **ABERDOVEY SISTERWOOD'S GUCCI.** (Ch. Zircon's Jack of Hearts x Ch. Rhydownen Elite Designer br: Stockslager ow: Mann & Gelvin) Rear better than front. Level topline into a higher set tail that caused him to carry it up. A pleasing headpiece. More dog than #1.

3. **CEDARSTONE'S ROLLS ROYCE.** (Markwell's Peer Gynt x Caerphilly Cedarstone Bluzefyr br/ow: Diane Solman) Heads were good in this class. He was overall smaller with nice angulation and shorter hocks.

4. **RACONTEUR LEAP OF FAITH.** (Ch. Phi-Vestavia Full Moon Fever x Ch. Raconteur Outside Overthere br: Moran ow: Phillips & Breeder) Almost 18 months of age and taller in leg than above. Correct tail set. His head and ears pleased. Give him time to mature.

Novice, Dogs

1. **NAB'S MAKE MY DEAL.** (Ch. NaB's Blue Bower x Ch. NaBs Ms. Kitty of Davenitch br/ow: Buckland) A blue merle with a pleasing head. His croup appeared to slope off into a low tail set. He was quite unsettled in that big ring all by himself.

Bred by Exhibitor, Dogs

This should have been my best dog class, but was disappointing.

1. **REDBUDS COPPERTONE.** (Davenitch Copper Bopper x Ch. Chimera Vestavia Folly D. br: Walser ow: Rogers & Breeder) Litter brother to my 4th place in 9-12 puppy dog class. He was a happy dog with pleasing head and expression. His shoulders were too straight for a good front. Going away he was fine with good rear angulation.

2. **PECAN VALLEY BLU SHAMOO.** (Ch. Sisterwood's Triathlon x Ch. Pecan Valley Follow Me br/ow: Seely) A blue with a lovely

outline and proportions. Pleasing head and expression and eye. Good feet. Level bite.

3. **RACONTEUR SOMEDAY SOON.** (Ch. Phi-Vestavia Full Moon Fever x Ch. Raconteur Outside Overthere br/ow: Moran) Although a much better shoulder than #1 he was taller than his competition. Topline good. Chest needs to drop and this will really help his silhouette.

4. **FINNSHAVN'S MICHAEL OARSMAN.** (Markwell's Matthew Cuthbert x Thistledown Red Russet br:MacInnes & VanSlightenhorst ow: MacInnes) His topline gave him 4th place today.

American Bred, Dogs

1. **CHANDLER'S PLUPERFECT PAYOLA.** (Ch. Pluperfect Garvin's Peerless x Ch. Chandler's Ovation br: Chandler & Kimes ow: Blann & Bossi) Another red and white I liked. (I could hear the whispers - "we said she'd put up reds.") His head proportions were correct with nice flat skull and good ear set. Topline level and firm on the go. He did not drive off his rear as well as my 6-9 puppy dog but I was pleased to award him **RESERVE WINNERS DOG.**

2. **KENNEBEC RHOS OF RED OAK.** (Joseter Joson x Ch. Pluperfect Peer's Peace Dove br:Jones ow: Hoyer) Very correct proportions length to height. His left front leg turned out. A level topline seemed to end in a high tail set but he carried it correctly.

3. **LOMOOR'S HRH OLIVER CROMWELL.** (Kollage's Jumping Jack Flash x Ch. Lomoor Davenitch Her Majesty br/ow: Lowell) A rich sable color in gorgeous coat and condition. At the top of the size scale. Excellent rear. He was unhappy on the table.

4. **DAVENITCH MISTWOOD OSWIN.** (Ch. Phi-Vestavia Nautilus x Ch. Davenitch Luca's Bronte br:rogers & Whan ow: Hancock & Whan) Another of quality type and a good mover. He carried his tail well up over his back. Level bite.

Open, Dogs (only 6)

My notes on this class were very sparse as I was running late!!!

1. **DAVENITCH COPPER BOPPER.** (Ch. Davenitch Peer of Pluperfect x Ch. Megwyn's Cross Country Girl br: Whan ow: Walser) This red dog had a good front - his rear was adequate. Short hocks and good feet. Both 1 & 2 had balanced pleasing outlines.

2. **NAB'S THISTLE DEALER TAKE ALL.** (NaB's Aelwyd Over Trump x Ch. NaB's Favorite Whist br: Bucklands ow: Russells & Buckland) Good rear drive. Topline slightly roached.

3. **FINNSHAVN'S GAMBLE OF GARAMY.** (Ch. Davenitch English Toffee x Aelwyd Finnshavn Dragon Fire br: MacInnes ow: Martino) Had a lovely coat and was in good condition. He toed in going away.

4. **JOVONE'S MOOD INDIGO.** (Ch. Phi-Vestavia Pirate's Patch x Ch. Phi-Vestavia Jovone Quadrille br: Warn ow: Leary & Breeder) Also in lovely coat and condition. Very mature. Standing he made a nice picture but his wide front gave him 4th place.

BITCHES.

As the day progressed my handwriting became more illegible and notes in the larger classes more detailed on the dogs that looked like they should be contenders but were let go due to breed faults. My tape recorder was overpowered by the noise level so I had to resort to notes.

The Bitch classes had far better depth of quality.

6-9 Puppy, Bitches

1. **KOLLAGE'S SUMMER BREEZE.** (Ch. Zircon's Bobby Socks x Ch. Tempest's Classy Chassis br/ow: Harper & Brown) This lovely Brindle and white was my first girl in my 2nd half of this super quality puppy class and had that pretty long low outline. In lovely coat and condition. Excellent sound front into correct Cardi feet. The right amount of bone. Dead level topline, correct tail set and carriage. Nice bend of stifle. She was my **WINNERS BITCH** for 5 well deserved points. I was also pleased to award her **BEST OF WINNERS** and **BEST PUPPY** too. To her breeder/ owner/ handler my sincerest congratulations.

2. **KENNEBEC PLUPERFECT PICABO.** (Joseter Joson x Ch. Pluperfect Peace Rose br: Jones ow: Kimes) Ditto above. She was my top pick from the first half of this class - what a tough decision between these girls. It was so close. The deciding factor was the shade longer in length of Summer Breeze to give her the more perfect silhouette.

3. **PHI-VESTAVIA HAVANA RULIN.** (Ch. Twinroc Max-in-a-Million x Ch. Phi-Vestavia Valencia br: Marcelli & Hetrick ow: Ormos & Ochs-Cline) Another superb typey brindle and white puppy. Even not showing well gave her 3rd place.

4. **HEARTOGOLD NAUGHTY BY NATURE.** (Ch. Phi-Vestavia Nautilus x Ch. Phi-Vestavia Picture Perfect, CD br: Klepper ow: Phillips) Pretty, pretty head and type. Excellent bend of stifle - correct feet. Good and sound all ways.

9-12 Puppy, Bitches

Another class with such depth of quality. A lot of them were in season.

1. **HEART OF GOLD TRIX R FOR KIDS.** (Ch. Beckrow Blue Cedar x Ch. Phi-Vestavia Truth or Dare, HT br: owners & Ochs-Cline ow: Phillips) This puppy has her dam's lovely head and expression. In beautiful coat and condition. Ground covering movement.

Had it all together today. Showed beautifully.

2. **RHYDOWEN PICK-A-DILLY.** (Ch. Locksleyhall Laird x Rhydowen English Muffin br: Rhydowen ow: Farrance & Breeder) Such a pretty girl and lovely type with a feminine head. Good front and rear, nice bone. Side gait should have been better but she was very unsettled and made her handler work hard. If only she would have showed and gaited out.

3. **AELWYD GLENMORANGIE.** (Ch. Cardach B N B's Ceneu Flash x Aelwyd Perika Blaze Starr br: Romeo & owner ow: Harbert) More up on size than above, she was good all around and in lovely condition. Such a happy puppy too.

4. **JOVONE'S LE FANTOME DE L'OPERA.** (Ch. Kennebec Ice Anchor x Ch. Phi-Vestavia Jovone Quadrille br/ow: Warn) Very close between 3 and 4. Head a shade more feminine than 3.

12-18 Months, Bitches

A difficult class to have similarity in placing.

1. **CEARAS PAISLEY PRINTS.** (Ch. Phi-Vestavia Nautilus x Ch. Ceara's Breanne of Davenitch br: Hill ow: Proeber) Red brindle and white. Long, low proportions, super silhouette. Nice length of neck into level topline. Ground covering side gait. Pushed hard for Winners.

2. **WINDSHYRE'S ISADORA DUNCAN.** (Ch. Pluperfect Garvin's Peerless x Ch. Sisterwood's Serendipity br: Huffs ow: Zortman, Schmitz & Huff) Although she was not happy on the table she finally settled. Nice angulation and good sound mover. Her rounder eye gave her 2nd.

3. **WINBUCKS THE MAX FACTOR.** (Ch. Twinroc Max-in-a-Million x Ch. Winstonwil the Chrome Nun, UD br/ow: Dickson & Harrison) Larger all around than above. She was very sound with a level topline and correct tail set.

4. **LLANBRYN'S JELLCLE CAT.** (Thistledown's Master Merlyn x Ch. Trailwyn Llanbryn Galadriel, HT br/ow: Brown) A girl in good coat. She was fine in front but I wanted more drive. A quality bitch.

Novice Bitches

1. **KENNEBEC RED OAK ROSALIE.** (Joseter Joson x Ch. Pluperfect Peace Rose br: Jones ow: Ochs-Cline & Ormos) A very young immature brindle and white bitch. Now I see she's a baby. Everything about her was good. The uneven white front leg markings detracted. She had a level topline and lovely tailset.

2. **COBLYN'S PUNKY BREWSTER.** (Ch. Coblyn's One of the Boomers x Coblyn's Cordon Bleu br/ow: Cogger) Larger all around, but another quality, typey bitch. High in rear. ➡

Not as happy to be here today.

Bred by Exhibitor, Bitches

1. **PHI-VESTAVIA GOOD GRACIOUS.** (Ch. Phi-Vestavia Nautilus x Ch. Phi-Vestavia Luck Be a Lady br/ow: Ormos & Ochs-Cline) Yes - These beautiful brindle and white babies kept on coming. What another gorgeous girl, obviously still a puppy with the most perfect head and expression. Happy to be there and enjoying herself. She sparkled. Super silhouette and sound all ways. She was my *RESERVE WINNERS BITCH*.

2. **PECAN VALLEY MY BLUE HEATHER.** (Ch. Sisterwood's Triathalon x Ch. Pecan Valley Follow Me br/ow: Seely) A superb blue, what a shame to meet #1 today. Lovely outline with a precious head and Cardi expression. Front excellent. Topline firm and level into a correct tail carriage.

3. **FANTASY FARM SUNDAY APRON.** (Ch. Phi-Vestavia Airs Hywel x Ch. Winstonwil's Happy Camper br/ow: Hasemeier) Another very good quality of excellent Cardi type with feminine head and nice proportions. Good going and coming. Good shoulders. The noise level really bothered her.

4. **POOH'S MISCHIEF MAKER.** (Ch. Davenitch Peer of Pluperfect x Ch. Twinroc Steel Magnolia br: owner & Slaboda ow: MacNair) Close decision between 3 & 4. Very sound also of lovely type. Firm level back. expression and eyes pleasing. Muzzle slightly long.

American Bred, Bitches

This was a good class of similar types. 1st & 2nd could change placing any day.

1. **KOLLAG'S LITTLE DEUCE COUPE.** (Ch. Zircon's Puss 'n Boots x Ch. Tempest's Classy Chassis br: Harper & Brown ow: Miller & breeders) A very nice feminine head and expression. Good reach and adequate drive. Nice bend of stifle and went around the ring beautifully. Right amount of bone for her size. Slight roach in topline.

2. **GARVIN'S BARBRANN FROM CAMELOT.** (Springshire Garvin's Grandeur x Ch. Briarlin Black Gypsy Rose br: owners & Stuve ow: McDowells) This bitch had super shoulder layback and lovely length of neck with a good headpiece. Sound mover. Very similar to #1.

3. **ZIRCON'S BRONWEN MERCEDES.** (Ch. Zircon's Bobby Socks x Zircon's Black Lace Stockings br: Durr & Stuve ow: McNamee) I seem to like what this stud dog produces. Another good Cardi. Although she moved close going away she had a good front. Balanced proportions and nice silhouette except for the curl on the croup which detracted from the topline.

4. **DAVENITCH GLENMAR MAGGIE N ME.** (Ch. Davenitch

Sand Piper x Ch. Davenitch Happy's Red Sonya br: Schmitz & owner ow: Whan) Red and white in full season and was carrying her tail well up. Good front. Very sweet headpiece -almost "Pemmie" looking from one angle.

Open, Bitches

1. **COEDWIG'S LARKSPUR.** (Ch. Springshire's Optimum Blue x Ch. Coedwig's Mica br:Rauber ow: Small) A very nice blue in pretty coat and condition. Outline and silhouette pleasing. Front was good but moved close going away. Topline firm and she moved out well around the ring.

2. **DAVENITCH COEDWIG BLUE VIOLET.** (Ch. Megwyn Night Hawk x Ch. Coedwig Davenitch Lacey Blue br: Shira & Whan ow: Whan) Another very good typey blue Cardi. The slightly longer muzzle gave her 2nd today. Coat was on the blow like so many others. Her front also was good and moved closer behind. Firm and level back with correct tail carriage and set.

3. **HEART OF GOLD CHIMERA SINNER.** (Ch. Beckrow Blue Cedar x Ch. Phi-Vestavia Truth or Dare br: Phillips & Ochs-Cline ow: Allen) Another girl in heat. Nicely balanced bitch of good size and in solid firm condition. Her front movement was disappointing. She showed well.

4. **WINDSHYRE'S MURPHIE BROWN.** (Ch. Pluperfect Garvin's Peerless x Ch. Sisterwood Serendipity br: Huff ow: Kimes) I worked with her as she was quite shy; she didn't like me as much as I liked her. Spirit, level topline and so sound. Her headpiece was different with more foxy appearance and her ears were more pointed than round at the tips.

I was very pleased with my 7 Class Winners in my final line-up for Winners Bitch. The 6-9 puppy radiated star quality - she was pushed very hard by the Bred by Bitch (also a puppy) who was so feminine and, even though she was tired, kept on showing. The red Brindle from the 12-18 class was my other contender. It was splitting hairs and the puppy had it all today.

Veteran Dogs

This was a great class of 4 - so little between 2, 3 and 4.

1. **CH. KENNEBEC ICE ANCHOR.** (Ch. Talbot's Pilot Programme x Ch. Kennebec Kate of Rhydowen br: Jones ow: Whan & Kimes) At 11 years young he looked fantastic. His topline was still level. He has reach and drive and his side gait was super. He was so happy to be in the ring and was convinced we'd put the show on just for him.

2. **CH. RHYDOWEN COBLYN CLAM DIGGER.** (Ch. Swansea

Good Nite x Ch. Johnwey Merrie Aussie br: Coggers ow: Cunningham, DeBeck & Rhydownen) Good all ways and his topline was dead level.

3. CH. DEB'S MR.A.MILKMOUSTACHE CDX PT. (Ch. Checkmate's Bounty Hunter x Ch. Vestavia Molly D. Mahoney, CD br: Ormos, Glinski & Ochs-Cline ow: Maley) A red and white whose coat was on the blow, like so many others. He had a good rear and held his top line into a correct tailset.

4. CH. SIR GAWAIN OF DAVENITCH. (Ch. Kennebec Ice Anchor x Davenitch Lady Raven br: Whan ow: Haney) A good front on this gentleman.

Veteran Bitches

A wonderful class of Eleven (13 entered - 2 absentees)

1. CH. DAVENITCH SHILOH LUCA. (Ch. Kennebec Ice Anchor x Winstonwil's Tiger, CDX br: Weigels ow: Whan) A Great Lady. Her top line held as she went around the ring with her lovely ground covering gait. She was honored with tremendous applause and reminded me of the Queen "Mum". REGAL.

2. CH. JASON'S BIJOU CD. (Ch. Vestavia's Juggernaut x Ch. Buck Creeks Bronwen br: Lev-Tov ow: Warczaks) 8 years young. What a beautiful headpiece on this blue merle. She moved all ways superbly.

3. CH. PLUPERFECT POPSTAR OF ZIRCON. (Ch. Megwyn's Rowdy Roadrunner, CD x Ch. Zircon's Yolanda of Megwyn, CD br: Stuve ow: Chandler & Kimes) (9 years).

4. CH. PLUPERFECT PROUD MOTHER MARY. (Ch. Kennebec Ice Anchor x Pluperfect Plum Pudding br: Kimes ow: Walsers) Lovely lady, but her wider front gave her 4th place today.

BEST OF BREED

CH. KINGSBURY'S CARBON COPY. (Ch. Chimera Vestavia Cub Run, CD, HC x Ch. Redbud's Facsimilie br/ow: Schatz) A deep rich brindle and white with a full white collar. Handled superbly by Don Glenn - What a team! She is perfection. The correct size and balance with a beautiful head, dark eye and proper expression with correct size ears she uses constantly. She never lets down - this happy, happy girl. Her lovely reach of neck carries into a level topline which did not budge when she went around the ring like a bomb with correct tail streaming out behind. She exudes femininity, personality and that star charisma. I was thrilled to have judged her and award her Top Honors. CONGRATULATIONS.

BEST OF OPPOSITE SEX

CH. TWINROC MAX-IN-A-MILLION. (Ch. Chandler's Critic's Choise x Ch. Phi-Vestavia Original Sin, CD br/ow: Slabodan)

Handled by Paul. A stunning outline on this young brindle and white dog. Beautifully balanced in proportions height to length with great extension of neck into a long, firm level back. Nice turn of stifle. Good both ways and excellent side gait. Give him another year to mature. CONGRATULATIONS.

They made such a beautiful picture together - complimenting each other. She, a bitch that looked like a female and he, a male that was masculine, but so handsome.

I had 7 Rosettes for Awards of Merit and too many dogs I wished to acknowledge. I personally feel that these merits should go to the Specials as the WD & WB have received their honors. (Unless of course you do not have enough Champions to honor in your opinion).

I cut the bitches into 2 groups and males into 3 groups. In my first cuts I kept dogs of quality and type, some had faults but I wanted the type to be recognized. Those that had breed faults I then excused in my second and third cuts. I was absolutely thrilled with my final group of Champions; WD, WB, Veteran Dog & Bitch.

The **Awards of Merit** went to:

CH. MCLEA'S ADMIRAL (Ch. Phi-Vestavia Nautilus x Ch. McLea's Allie br/ow: James) A super brindle and white I have judged before and admired. He was not showing like I know he can and not being "on" cost him. (The next day in the Megan he was really showing - ask a then relaxed Leah).

CH. DAVENITCH VICTORIAN TURRET (Ch. Davenitch Sand Piper x Ch. Davenitch Shiloh Luca br: Whan ow: Proeber) Another excellent brindle and white (Winners Dog at the Jubilee) long, low balanced dog. His rear let him down.

CH. PHI-VESTAVIA FULL MOON FEVER (Ch. Phi-Vestavia Nautilus x Ch. Phi-Vestavia Pristine br: Williams ow: Moran) Another outstanding quality brindle and white male. I judged him in 1993 and he gets better and better.

CH. PHI-VESTAVIA EVAN EVANS (Joseter Joson x Ch. Phi-Vestavia Luck Be A Lady br: Ormos, Ochs-Cline & Ochs ow: Jones & Caldwell) A very young boy just over a year old. Lovely length and type. His loose front motion needs to tighten up. Time is on his side. One to watch for in the future.

CH. CHANDLER'S REMEMBRANCE (Ch. Davenitch Sand Piper x Chandler's Her Roy'l Happiness br: Gelvin, Chandler & Mann ow: Huff, Chandler & Kimes) (Last year's Best in Sweeps) Red brindle and white. She pushed my breed winner hard. She has a stunning headpiece and beautiful outline and can move too. Lovely angulation. On the small end of the scale. I wished she would show and look happier to be in the ring. I loved her.

CH. PHI-VESTAVIA TRUTH OR DARE HT (Ch. Phi-Vestavia Nautilus x Ch. Phi-Vestavia Picture Perfect br: Ormos, Ochs-Cline, Phillips ow: Phillips & Ochs-Cline) A gorgeous brindle pointed tri-color. Lovely head, correct type, dead level topline, Moves true all ways. Carrying too much weight.

CH. DAVENITCH SHILOH LUCA From the Veteran Bitch Class. She is spectacular and her winning and producing record incredible. I cried when I judged her. More up on size than my other girls but still the BEST. She is the Dowager Queen "Mum" at 7 years young.

I would like to recognize my final group.

Bitches:- Ch.Phi-Vestavia Original Sin; Ch.Bearwood's Whistln' Dixie; Ch.Ceara's Breanne of Davenitch; Ch.Rhydownen Elite Designer; Ch.Davenitch Glenmar Diamond Lil; Ch.Sisterwood's Suncatcher; Ch.Sisterwood's Amo Te; Ch.Winstonwil Holiday Treasure. Ch.Springshire's Angel Wings.

Dogs:- Veteran Dog - Ch.Kennebec Ice Anchor; Ch.Talbot's Sierra Buckeroo; Ch.Llanbryn's Eloquent Elegy; Ch.Zircon's Soothsayer Merlin; Ch.Belukha Loverboy of Nicholar CD; Ch.Phi-Vestavia Nautilus and Ch.Springshire's Jumping Jack.

What fantastic classes of 12 Stud Dogs (no absentees) and 10 Brood Bitches (1 absentee) and their children. These classes to me are very important and produced some very strong competition. I do thank everyone who stayed after 3 long days. One might assume, for example, that the dam of the Best of Breed would automatically win, but not necessarily so, as the judging is on both her produce (This year we only had 2 get).

The winner of the tough Stud Dog Class was **CH. ZIRCON'S BOBBY SOX**, owned and bred by Rochelle & Eddie Stuve, whose sire **Ch. Kennebec Ice Anchor** placed second to him. What consistency in type.

Third was **Phi-Vestavia Nautilus** - Rev.Ormos,Cathy Ochs-Cline,Helen Turin & K. Steele. Producing constant type & soundness.

Fourth was **Ch. Sisterwood's Triathalon** - Pat Mann & Neila Gelvin. Sired a pair of blue children so similar in size, type and soundness. The winner of the Brood Bitch Class was **CH. TEMPEST'S CLASSY CHASSIS** - Dr.Kathleen Harper & Dr.Cindy Jo Brown. She is the dam of the Winners Bitch and her brother was 2nd in my strongest dog class (6-9 puppy dog). She put her perfect Cardi front on her kids.

2nd. **Ch. RedBuds Facsimile** - Jacque Schatz. Dam of my Breed winner and her young half sister who was pretty but taller in leg. This was a very difficult and wonderful class and between 3 & 4 very little. Both dams were sired by Ice Anchor and produce were

very similar. Third was **Ch. Pluperfect Prim N'Proper** - Nancy Stockslager and Fourth **Ch. Davenitch Shiloh Luca** - Connie Whan.

I had 3 pairs in the BRACE Class and they were great too. I was pleased to award Genie Bishop's pair Best Brace in Show - **Cardach Ginger Beer** and **Ch. Rhydowen Ginger Poppin CD.HT.** a mother and son team.

2nd. Another lovely mother/daughter team **Ch. Sisterwood's Happy Angel Wings** (blowing coat badly) and **Ch. Sisterwood's Amo Te** owned and bred by Pat Mann, Neila Galvin & Emily Snyder. (Amo Te was the cute one in the classes who kept jumping over the silver tape on the mats).

3rd. **ThistleLor-J Love Me Do** and **ThistleLor-J's Abby Rd** owned and bred by Julia & Kenneth & Margaret Russell.

BEST PUPPY was my **Winners Bitch** and **Best of Winners KOLLAGE'S SUMMER BREEZE** - she was challenged for this award by #246 Cavall Sassafras, a champion bitch puppy.

It was over - Two of the most exciting days. Then came the marathon photo session. For the ones I had to use the chair and sit I apologize but I just couldn't kneel anymore. The photographer and helpers were terrific too! ❀

Cymreig

Ch. Phi-Vestavia Oedipus Rex

(Ch. Davenitch Peer of Pluperfect x Ch. Phi's Amazing Grace Ap Ronel)

"Tyler" is shown winning his 2nd 5-pt. major under Norman Herbel. He finished with his third major on April 30, 1994. Many thanks to the judges and especially to Genie Bishop for volunteering to get him out to some shows this spring.

Introducing the Ginger Littermates:

Cardach Ginger Beer

(Ch. Phi-Vestavia Oedipus Rex "Tyler" x Am/Can. Ch. Rhydowen GINGER
Poppin, CD, HT "Poppin")

Following in his father's footsteps "Bear" garnered his majors easily, going BOB over Group placing specials under breeder-judge Gayle Garvin and Best of Winners under judge Carol Duffy.

Bear enjoyed the CWCCA National with a first place in his Sweepstakes class; a second place in the regular classes; and, with the help of his Mom, first in the Brace Class. Thanks to everyone for the many compliments on this young boy. Look for his sister "GingerGale," too.

Genie Bishop - Cardach

P.O. Box 337, Cookstown, NJ 08511 (609) 758-8557

P L U P E R F E C T

The CWCCA Specialty weekend was a blast! We congratulate the following Pluperfect bred or co-owned Cardis who won top awards that weekend:

Chandler's Pluperfect Payola	Reserve Winners Dog
Ch. Kennebec Ice Anchor	Opposite in Veteran Sweeps
Ch. Chandler's Remembrance	Honor of Merit, Reserve Brdl Bitch (Megan)
Ch. Windshyre's Carrie Nation	Best Red Bitch (Megan)
Ch. Pluperfect Garvins Peerless	Reserve Brdl Dog (Megan)

Watch for our new black brindle bitch puppy, Kennebec Pluperfect Picabo (by Eng. Ch. Joseter Joson out of Ch. Pluperfect Peace Rose.) She's a lovely, elegant and showy baby and we anticipate a good ring career for her.

On the "other breeds" front, our Cairn Terrier stud, CTCA National Specialty Best in Sweeps, Best of Breed and Group Winner, Ch. Ollie North of the Highlands, has sired a number of specialty winners and his latest finished with BW at the Dallas specialty. Our Bull Terrier baby, Canadian import Magor Marbella, has won 2 Best in Sweepstakes awards in her first two specialties.

Our beautifully made Bosco daughter, Murphie Brown, has a mid-summer litter by the exciting Ch. Phi-Vestavia Evan Evans. This is the first Cardi litter born here in several years. This brings us another line to Joson as well as linebreeding on our own stock.

Jonathan Jeffrey Kimes

P L U P P E R F E C T

Apart from individual success in breeding and showing, the truest test of any kennel is whether their breeding efforts contribute to breed progress. I would like to congratulate the winners of the following awards over the CWCCA weekend -- all these Cardis are children or grandchildren of Pluperfect stock:

Best in Veteran Sweeps	6-9 Mos. Puppy Bitches, 1, 2, 3
6-9 Mos. Puppy Dogs, 1, 2, 4	9-12 Mos. Puppy Bitches, 4th
9-12 Mos. Puppy Dogs, 1-4th	12-18 Mos. Bitches, 1, 2, 3rd
12-18 Mos. Dogs, 1, 4th	Novice Bitches, 1st
Bred by Dogs, 1, 3rd	Bred By Bitches, 1, 3, 4th
Am Bred Dog, 1, 2, 4th	Am Bred Bitches, 3rd
Open Dogs, 1st	Open Bitches, 4th
Winners Dog, Reserve Winners	Winners Bitch, Reserve Winners
BOB, BOS, BOW	5 of the 7 Honor of Merits
Stud Dogs, 1st, 2nd	Brood Bitches, 1, 2, 3, 4th

Megan Trophy:

Best Brindle Dog	Brindle Dog Finalist
Reserve Best Brindle Dog	
Best Brindle Bitch	4 Brindle Bitch Finalists
Reserve Best Brindle Bitch	
Best Red Bitch	
Megan Trophy for Best Cardigan	
Cassie Trophy for Best Opposite Sex Cardigan	

***Congratulations to the breeders and owners of
all these winners!***

1994 National Specialty Puppy Sweepstakes Critique

by Marieann Gladstone

I thoroughly enjoyed judging this year's Sweepstakes classes and I want to thank the club for the opportunity as well as thank my stewards Cindy Bossi and Bev Muhlenhaupt.

In general, there were some lovely exhibits that stood out. They proved that a typey Cardigan must be sound; enabling a Cardigan to do the work for which it was originally bred. I am concerned with the typey looking dogs with very straight shoulders, almost coming right out of the neck, those with no reach in front or rear drive. Croups must be sloping, not squared off, with short hocks. I saw too many straight fine boned fronts and knuckling over. We seem to have lost our large heavy rounded typey Cardigan feet! Temperaments in general, good, but did see more shyness than I like. I don't want to sound negative. We all know our good points. Pretty heads. Good length. Strong topline. Silhouette. I think we need to be concerned with structure and how that structure is making the dog move.

Puppy Dogs 6-9 (11)

1. **WINDSHYRE CUCHULAIN ULSTER** Typey pup with handsome headpiece, ample bone, balance, short hocks and low tailset. Would have liked to see more drive in his rear.
2. **SEVEN C'S RUSHMORE GOLD** This solid red exhibited the correct well-sprung rib cage, tight heavy feet, and low tail set, though he tended to rise in the rear.
3. **KOLLAGES TWISTER COMING** This boy showed a correct topline and silhouette, with a correct turn in front. A well-built pup.
4. **DAVENITCH MISTWOOD YANNI** Brindle boy with a gorgeous headpiece and low flowing tail set.

Puppy Dogs 9-12 (15)

1. **CARDACH GINGER BEER** Solid brindle boy, heavy boned, correct tight feet, ample chest and typey silhouette with low tail set and correct sloping croup. Would like to see more rear drive.
2. **ABERDOVEY'S CAPTAIN KID** and 3. **ABERDOVEY'S TALIESIN'S CHADEAU** Black & white littermates, and very tough to part. Both exhibited lovely correct heads and ears, both need stronger rears. When it came to place these two boys, I preferred the length of "Kid", as well as his expression.

4. **DAVENITCH PIAZZ** A pleasing typey brindle boy, would like to see a more sloping croup.

Puppy Dogs 12-15 (9)

1. **PECAN VALLEY BLU SHAMOO** I loved this blue boy, and knowing what I've bred for almost 20 years, it should not have surprised anyone. His movement was so correct; forelegs reaching well forward and hindlegs driving powerfully and well extended in the rear, with beautiful well-letdown hocks. Seeing his front as he stood on the table, I had to resist the urge to turn to ringside and say, "This is the correct Cardigan front!" Shoulders sloping correctly and well laid back. Forelegs hugged his chest, carpi tucked under with elbows closely fitting, all to give a correct beautiful typey front. Although I would have like to see more length of body, I could not resist this typey very showy blue boy and had to award him **BEST IN SWEEPSTAKES**.

2. **SISTERWOOD PV GROVER** Beautiful red with lovely correct head, heavy feet. He had more length than "Shamoo", but he did not exhibit the front nor move as well.

3. **ABERDOVY SISTERWOOD'S GUCCI** Black & white with nice length and breed type. Would liked to see shorter hocks.

4. **CEARA'S CUT ABOVE THE REST** Handsome brindle boy with correct length, ample bone and heavy tight feet.

Puppy Dogs 15 -18 (8)

1. **FINNSHAVN'S MICHAEL OARSMAN** Black & white brindle pointed typey boy with a beautiful head piece, nice ears, good bone with nicely let down depth of chest. Could have a better turn out in front and more rear extension. Correct tail set and carriage.

2. **CH. PHI-VESTAVIA EVAN EVANS** Brindle with a pleasing head, ample bone, very typey. A long dog, however this length was due to a very short rib cage and lengthy loin. I faulted his lack of shoulder layback.

3. **CEDARSTONE'S ROLLS ROYCE** Another typey boy with a correct head. Would like to see more let down in front.

4. **CH. SHADOWWALK END DUR RING** Brindle showing correct type in head, ample bone, heavy feet with correct tail set. Overall pleasing, however I felt he tended to knuckle in front.

Dogs, 18 mos and over (3)

1. **CH. CHANDLER'S PRECISIONIST** Lovely typey brindle, beautifully marked, correct coat, heavy boned, nice tight feet and a beautiful rear. Although he could have a better bite, he was the most sound dog in the class.

Puppy Bitches 6-9 (17)

1. **DAVENITCH SWEETER THAN HONEY** This was a very tough

class, particularly between 1st and 2nd. The class winner was a bit longer and more bend of stifle.

2. **HEARTOGOLD NAUGHTY BY NATURE** I liked this very typey baby girl, a real cutie, too. Would like to see more length and more let down of chest, perhaps it will come as she matures.

3. **PHI-VESTAVIA GAILEWINDS** Lovely correct headpiece, with typey silhouette, nice tight feet and correct rear extension, though she was a bit close in the rear.

4. **PHI-VESTAVIA HAVANA RULIN** Typey brindle bitch, low tail set and moderate crook.

Puppy Bitches 9-12 (16)

1. **ZIRCON'S KOKOMO** Well-groomed black & white bitch, typey in silhouette and topline with an attractive headpiece. Tail set low on a slightly sloping croup, well letdown hocks, with tight feet.

2. **RHYDOWEN PICK-A-DILLY** A bitch of particularly beautiful brindle color with a lovely silhouette pretty head and correct bend of stifle with sloping croup, ample bone, tight feet.

3. **HEART OF GOLD TRIX R FOR KIDS** Lovely tri with vivid tan points of good substance, slight rise in rear.

4. **CANTERBURY POETRY IN MOTION** Showy pretty sable bitch of ample size, correct head. Needs more slope to the croup. Her tail, though carried low, was set high.

Puppy Bitches 12-15 (13)

1. **PECAN VALLEY MY BLUE HEATHER** Lovely blue bitch with a correct headpiece, front nicely tucked under chest and good shoulder layback, allowing her to move out well. Would like to see more length. This very showy bitch just asked for the class, edging out her sister.

2. **PECAN VALLEY SPARKS A FLYING** This blue littermate, again with correct shoulder assembly, showed more bone and length than her sister, but her front wasn't as strong. Obviously littermates to **BIS** brother, what a lovely litter!

3. **POOH'S MISCHIEF MAKER** Cute brindle baby with great ears, showy, correct silhouette, level topline, good honest front with low tail set and carriage.

4. **WINBUCKS THE MAX FACTOR** Dark brindle ample sized girl with a good head. Her front turns a bit on the right foot, otherwise a lovely pleasing bitch.

Puppy Bitches 15 - 18 (15)

1. **SANDWYNNE'S JUST A BLACKBIRD** A pretty brindle-pointed tri-color, she reminded me of the old type we seem to have lost. A solid bitch with good bone, nice tight feet, well angulated, correct front and presented well. As I went down the line, I had to smile

when I reached her. She could use a bit more length of muzzle and body, but I couldn't resist her type and soundness and had to award her **BEST OF OPPOSITE SEX IN SWEEPSTAKES**.

2. **KISMET'S TRI TRY AGAIN** Tri bitch of nice length and correct head piece with good ears. Would like to see more crook. Moved well.

3. **CH. BEARWOOD'S WHISTLIN' DIXIE** A long blue with a pretty headpiece and great ears and good tail set, rises in the rear, needs more bend of stifle.

4. **RACONTEUR ARAMORA SNOWBIRD** Pretty brindle bitch, typey with a low tail set, could be better angulated in the shoulders.

Bitches 18 mos and over (4)

1. **CH. NANERTAK SUNCLIFFE POPOVER** Typey red with nice big rounded ears, ample size. Would like to see a heavier foot with more bone.

2. **CH. CHANDLER'S HEAVENS TO BETSY** A close contender, she lacked the size and bone, though she was balanced. She had a gorgeous typey head and moved nicely both coming and going.

3. **CH. WINSTONWIL HOLIDAY TREASURE** This brindle girl had correct length with good bone and low tail set.

4. **ZIRCON'S BRONWEN MERCEDES** I particularly like this beautiful head with typey ears, body of good length.

Once again, I was pleased to award BIS to **PECAN VALLEY BLU SHAMOO** and BOS to **SANDWYNNE'S JUST A BLACK-BIRD** as noted earlier. I am sure these lovely typey, sound Cardigans will make their impact on the breed. I wanted to take them both home and breed them! ❁

Windshyre Cardigans

Ch. Davenitch Sand Piper

We wish to send congratulations to the breeders and owners of all the Piper progeny who did so well at the '94 Specialty.

Down Memory Lane

by Paul Slaboda

Mary Nelms and Michael Pym played enormous roles in the early development and promotion of the Cardigan in America. From the time they first became involved, until their passing, they were continually active in the breed. Longtime Board Members, they were instrumental in guiding the breed during the early years, and were tireless in their devotion to the Cardigan Welsh Corgi.

Both of these ladies possessed remarkable personalities, and the meetings that took place at their fabled Brymore Kennels were positively legendary. Puppies, cocktails, snacks, arguments, and fun, were all blended into those extraordinary board meetings; but somehow, the results were always a positive for the breed.

Always innovative, Mary and Michael imported many dogs from abroad, weaving them into their Brymore bloodlines. It's probably fair to say that in the breed's American formative stages, the Brymore Kennel prefix probably appeared in most of those early pedigrees.

Both ladies always seemed to have their own personal favorite dog, and their love for their dogs in general had little to do with the win or loss column.

Both ladies were extremely well educated, and both were adroit at verbal jousting and creative writing. They were, of course, the co-authors of the "How to Raise and Train the Cardigan Welsh Corgi" Handbook, and over the years, both contributed many articles of interest on the breed. For many years, Mary was the Editor of the Bulletin and did a remarkable job. Michael became interested in the Japanese Chin, and soon their new breed was added to the Brymore Operation. Needless to say, Brymore soon enjoyed great success with their new breed. Who would have expected less?

The "Ladies of Brymore" were gracious in victory, but they were equally gracious in defeat, and were always quick with a congratulations or a smile. I would be remiss not to mention that both of these women were always anxious to help the newcomer and provide help and guidance to anyone who asked.

They are both gone now, and like other early pioneers of our breed, definitely left their mark. Theirs is a legacy of love and concern for the breed. They are greatly missed and fondly remembered. ❁

Highland Cardigans

NaB's Formal Affair "Alfie"

(Ch. NaB's Blue Bower x Ch. NaB's Ms. Kitty of Davenitch)

Alfie is a beautiful, dynamic, true black dog. Add a strong temperament, good bone and excellent conformation. A real "formal affair" in the ring. We will return in the fall to finish our championship. Stud inquiries welcome.

In Memoriam

Ch. Rhydowen Hellzapoppin

Though "Poppin" was not often seen in public, she is in the pedigrees of many of today's top Cardigans. She will be best known as the granddam of "Link!" Her passing has left an emptiness with Donna whom she lived with and loved.

We wish to offer our condolences to Donna and say good-bye, Dear Poppin.

From your Friends.

Introducing: Miss Dottie Do-It-All

"Fantasy Farm Sunday Apron"

(Ch. Phi-Vestavia Airts Hywel x Ch. Winstonwil's Happy Camper, CDX, HI)

Dottie made her conformation debut, aged 6 months and one week, at the Spring Kentuckiana Cluster - and now has a 4 pt. major to her credit. (Her brother, Fantasy Farm Sargeant Peary, was RWD Saturday to the very nice "Hywel I Be Pacin.")

We have a busy spring season planned for Dottie - I'm hoping that she'll finish her championship quickly so we can begin to concentrate on herding. She'll be entered at the BAHA Triple A Herding Trial weekend in October for sure, and hopefully before then if any trials are scheduled for the Midwest this summer.

We seem to have gotten it all with our little Dot. Looks, smarts, attitude, instinct, agility and more. She's a Fantasy Farm dream come true!

Fantasy Farm
Rick & Dana Hasemeier

Earthquake Season

by Kathy Pavlich

This might be the case of closing the barn door after the horse got out, but I don't think so. Ever since our three major earthquakes in April of 1992, I've been meaning to put pen to paper about something I feel very strongly about: the safety of our dogs during an earthquake. I know I may be a bit late for some of the owners in L.A., and for that I apologize, but from what the "experts" say, that wasn't the BIG ONE!!

The biggest problem with earthquakes is that there is no warning. The only thing I've noticed about earthquakes in the Eureka area is that the weather is usually beautiful! Seventy degrees, no wind, a bit on the balmy side, and if any of you have ever been to the Northcoast area, you will know this is not normal weather. So we get a quake, there is no relative damage and we all talk about putting in supplies, food, water, first aid, etc.. But then the tremors subside, glass is put back in the storefront windows, the talk dies

down and we mean to get that extra water, but that is something we will do tomorrow. Unfortunately, tomorrow may be too late.

It's one thing to get supplies for ourselves during a natural disaster, but what about our animals? I myself own four dogs, five cats, a dozen or so sheep whom all require food and plenty of water on a daily basis. What happens if the water mains break? Or the damage is so severe all feed and grocery stores are closed for days on end? What if you are not home and are unable to get home to see your Cardigans? Is there a list of instructions posted as to a feeding schedule and medication doses if needed? Is your veterinarian's phone number posted somewhere prominently? Some food for thought, which, to be honest with you, I hadn't indulged in until April of 92.

Let me describe to you what a 7.1 earthquake feels like . . . It was the last weekend in April and my husband had left to go to our friends ranch to gather mussels on the beach for a large barbecue the next day. (It also happened to be where the earthquake was centered.) I had decided to bath the dogs and bomb the house as it was a glorious day, seventy degrees, no wind, a bit balmy. Should have been my first clue! (Please take notice, there is no scientific data behind this observation, just around here we call it earthquake weather.) I had all the dogs out in the exercise area and had just finished the house when I felt the start of a tremor. For reasons known only to myself, I blew out the side door. I know a few of you are probably shaking your heads and saying you're not supposed to do that! Under a door jam! My only thought was for the dogs. Lacey had just been diagnosed pregnant and my first thoughts were for her. As I ran toward the yard I could hear everything falling in the barn (which is where the paddock comes off of.) I was thrown to the ground quite violently three times, all while yelling to the dogs that they were going to be just fine. Sure!!! They were terrified as they raced around the yard and in and out of the doggie door. The sound of a freight train coming through your house is pretty close to the noise a 7.1 magnitude earthquake makes. The fact that the ground is heaving up and down doesn't terrify the animals as much as all the object crashing around them. My carelessly stacked exercise pens in the barn all collapsed in front of the doggie door. The grooming table I usually left set up folded and flew against the window. All the awards and certificates hanged on the wall shattered to the ground. I had been meaning to put them in Plexiglas. One of the major injuries in a quake is severely cut feet and that includes our four-footed friends. Meanwhile it sounded like cannons going off in our neighborhood. The explosions were the transformers on the utility poles down the street. The first quake lasted for over a minute with hundreds of after-

shocks to follow. (Two more major quakes hit within the next twenty four hours, a 6.6 and a 6.4, they called them aftershocks, but then that's a whole 'nuther story.) All power then ceased except the battery operated alarms going off all over the hill. Again, more noise.

I sat down in the pen with my buddies and talked quietly to them. Everybody seemed to be handling it o.k. I then checked them all over for any cuts or injuries, which seemed be non-existent. The next thing to do is to try to remember all the "things" you're supposed to do in an earthquake: check for gas leaks, water leaks, ect. One priority I had learned in an earlier earthquake was to try to establish contact with one person out of your area that everyone knows to call and find out if you are alright. The phone lines go dead in a relatively short time and with the marvelous network of dog friends and family we all have, one quick call to someone hopefully hundreds of miles away can relieve some worried folks.

The hardest lesson I learned that day was concerning food for my pets. I was in the habit of letting the food go down to only a meal and then getting fresh food. Unfortunately, Saturday was my errand day and you guessed it — no food. No open stores. Luckily the stores were only closed a day, but I would have been in dire straits had the damage been more severe, including the ability of the stores to acquire more supplies if the roads had been closed.

Well, exercise pens are now laid flat, as is my grooming table, all award are slowly being converted to Plexiglas. There are several water buckets filled at all times, including gallons stored. My food storage looks like I'm running a feed store. A flashlight is next to my bed with SHOES! (I still have a habit of sleeping in my sweats.) All my dogs wear rolled leather collars at all times with my name, phone no., plus my veterinarian's phone number on it. I figure if somehow they escape and someone can't locate me, hopefully they will call my vet.

So some of you are probably thinking "Why do they live there?" Hey, it's God's country! With the redwoods and the beach and the wide open spaces, I'm here for the duration. Oh, and whatever happened to my husband that day? Well, he thought it was a heck of a jolt, but went to the beach anyway. Tidal waves? Nah, it'll never happen. He did decide to come home when the helicopters circling him at the tidal pools were from CNN and ABC and CBS.

Hopefully, this might strike a cord in some of you out there and maybe you'll put in a little extra supplies! 🍀

TWINROC

"Quality, Because We Care"

CH. TWINROC MAX IN A MILLION

Pictured above going Group 2 in a total show entry of over 2900. Thank you Peggy Mickelson. Special thanks to Betty Moore who awarded him BOB in an entry of thirty, and to Dr. Carmen Battaglia for awarding him BOB the following day in another entry of thirty.

TWINROC

"Quality, Because We Care"

We thought from the start, he was the "Real McCoy,"
He was typey and sound, this Cardigan boy.
In the Cardigan Sweeps in '93, he was BOS
And beginning his spree.

In the Regular Classes, that very same year,
He was Reserve Winners Dog and gettin' in gear.
Now a year's come and gone and our puppy's a man,
So we loaded him up in our dog showin' van.
To the big shows in Texas to see what he could do.
He came home with both Breeds, and

a Herding Group 2!!

JASPER

The *Herding* Group Winner

Ch. Rhydowen Jasper Tewdwyr, HS

After taking the winter off to relax and do some growing up, Jasper returned to the show ring in May and promptly picked up his first two group placements in the same weekend - a Group IV under Mr. Donald Booxbaum and a Group I under Mr. J. Council Parker. Jasper is thus the first herding trial-titled Cardigan to win a group! Jasper will continue to be shown this year on a limited basis; after all, he needs some weekends off to perfect his outrun! Jasper is handled by his doting owner and by Tim Kernan, PHA.

SMOKIN' NORTHWEST BLUES

... The Next Generation

Photo by Judy Hasenack

Smokin' Fire Dae Ling's Timex (at 6 Months)

(Ch. Redbud Kingsbury Tin Man x Ch. Phi-Vestavia Winstorm Smokin', HS)

Starting our 6th year in the breed, we celebrate some of our latest additions. "Time" (above) is a good example of the nicely boned, clear blues in our Ozzie-Tempest litter. We are oh-so-proud that he selected Beryl Epling (Dae Ling Cardigans) as his owner. He carries the name of his great predecessor "Fire" (Ch. Dae Ling's Starfire of Dorre Don, UDTX.) This pup has a wonderful showy attitude that is already winning him points in the ring.

News from the U.K.

by Sandra Tonkyn

Here we are half way through the year and summer still hasn't arrived in the U.K. We have suffered one of the wettest springs on record, also one of the coldest. The farmers are having problems with their lambs being born in the cold and wet and suffering from arthritis. It is awful to see these young animals almost unable to walk. I am glad I'm not a farmer right now.

Onto the show scene here, as I said half way through the year and so far we have 4 new champions, 2 males and 2 females: Ch. Jogela George for Salvenik and Ch. Joseter Domino in males, Ch. Antoc Audacity and Ch. Clywedog Welsh Nancy in females. So far no Cardi has been pulled out in group competition either.

As many of you in the U. S. will know 1996 will be a big year here for Cardis. The CWCA celebrates 70 years in operation looking after the welfare of the breed. We are hoping to have a very special Specialty Championship Show, with 2 overseas judges and hopefully lots of overseas Cardi enthusiasts joining us. We have booked a hotel complex, The Chesford Grange for the weekend. There will be a reception on Friday September 28, 1996, for everyone staying at the hotel to gather informally and meet old friends and new. On Saturday will be the Show, followed in the evening with a banquet. Again, this will give everyone a chance to get together with friends and talk the night away. I imagine many post mortem's on the day's judging will go on all over the restaurant! At the show there will be many dogs to see, also we are hoping to have some lovely items to either sell or raffle. There will be a parade of Champions at some point over the weekend, which will give everyone a chance to see Champions both old and new. Also at the show will be the historical archives on the breed here from 1926 onwards. This is so interesting to look at and see photos of the great dogs of the past. I personally have spent hours looking through this. Obviously we want as many of you folks in the U.S. to come and join in with us and everyone will be most welcome. I know that many people here will be opening their homes for friends to stay either before or after (or both) the Show. There is a general Ch. Show the week before and a Corgi Club Champion Show the weekend after with Challenges for Pems only, but there are Cardi classes as well.

This event is costing a lot of money to put on and we are raising funds in whatever way we can. There are barbecues, sponsored walks, sale of goods, etc., but anyone who wishes to make a donation, no matter how small will be accepted gratefully. Anyone who

may wish to make a donation is welcome to send it to Helen Turin, 8 Bryson Drive, Norton, MA 02766 as she is acting as our American Assistant Treasurer for the CWCA. She will also take Membership for the CWCA. This makes changing money over from one currency to another so much easier. We are hoping that we may be able to do the same thing for the CWCCA fairly soon. We will soon be sending out details of the hotel and all the events going on over this weekend to anyone who wants the information. If you want more information there are three people here who will send out information to you. They are: Mrs. Margo Hackney, 12 Kinton Lane, Hockley Heath, Solihull, B94 6RX, Miss Cush MacNally, Perrywood, Peeks Brook Lane, Smallfield, Surrey, RH6 9PP, and Miss Sandra Tonkyn, Castle Stream Farm, Dursley, Glos. GL11 6AB. We are the organizing Sub-Committee and will help out with any questions you may have regarding the CWCA International Celebration Weekend. We will give out more details as we get closer to the date of the show. 🌸

Cavalier Cardigans

Polly Finishes in Style!

Ch. Dsslhs Providence V. Rglhvn

(Ch. Kennebec Ice Anchor x Cymreig DH Abigail Adams)

Pretty Polly is shown finishing by going WB, BOW at the prestigious Old Dominion Kennel Club show on April 23rd for her second major. Polly now returns to CD preparations and plans a second round in the whelping box. Daughter, Ch. Cavalier's Jolly Holly, is proud of both her parents new Championships and looks forward to little brothers and sisters this fall.

Why Exclude Some Colors?

by Patrick Ormos

The Cardigan Welsh Corgi comes in a plethora of colors, probably more than any other breed. But, of that total genetic range only a limited number can be shown. Why?

Our first response must be history/tradition. The colors we currently recognize are the colors that the breed has "always" come in. Our job as breeders is to remain faithful to our tradition, and preserve our heritage. To introduce "new" colors is to seriously disturb this heritage.

Second — we don't know if there might not be a deleterious effect on the health of the breed by introducing "new" colors. The possibility of so-called "hidden" merles frightens some people. They anticipate a double merle litter resulting from two "hidden" merle parents which could produce deafness, white dogs, or other problems. Perhaps there are other health problems associated with "new" colors.

Third — the "new" colors are aesthetically displeasing to some breeder/exhibitors.

Let me begin an answer by starting with our third objection. "Beauty is in the eye of the beholder." Truer words were never spoken when it comes to dogs and their owners. Is a bulldog or a bull terrier beautiful? Is an affenpinscher or a brussels griffon gorgeous? Blue merles are stunningly beautiful to some, and not to others. I recently heard a judge say that she hates blue merles — in any breed! Others adore them. There are some Cardigan breeders who try to argue that only brindles are really "true" Cardigans. Some dislike all reds and sables, claiming that they all look "Pemmy."

One of the strengths of this breed lies in its wide variety of colors, giving the opportunity for each person to find some color which s/he might like. There are very few canons of aesthetics in dog breeding. "Form follows function," being the predominant one. Hound breeders often say, "A good hound can't be a bad color!" The question of personal aesthetics is of little relevance to this discussion.

The issue of health concerns arises from the presence of two genes in Cardigans: the merle gene (M) and the "Dudley" gene (D). It is well documented that a homozygous merle (MM) may evidence some physiological problems. Denmark has given such high credence to this that they proposed a ban on the breeding of blue merles. While more research is indicated, an easy solution lies in restricting the breeding of blue merles to heterozygous blues only

(Mm). In the USA this is done through the code of ethics endorsed practice of only breeding blue merles (Mm) to tri-tans or tri-brindles (mm), thus producing heterozygous blue merles (Mm) and the recessive tris (mm). The occasional blue merle x blue merle breeding does indeed produce double-merles [$Mm \times Mm = MM$ (25%) + Mm (50%) + mm (25%)].

This leads us to the so-called "problem of hidden merles." Since the merling gene affects only dark pigmented hairs, a homozygous red ($a^y a^y EE$) could show **no** outward physical evidence of the M gene's presence, resulting in the so-called "hidden merle." Until recently that was a powerful and convincing argument.

However, recent advances in veterinary ophthalmology suggest that a simple eye examination will immediately reveal the presence of the M gene due to its effect on the retina. Lo, that which was hidden is now revealed! This eye examination will go a long way to relieving persons of the worry about "hidden merles." Such an examination could lead to changes in current breeding practices, which merits further discussion. If I can tell immediately which dogs will carry the M gene and which not, why not breed a blue merle to a brindle?

While the presence of the Dudley (D) gene is clear in the Cardigan, its link to "livers" in German Shepherd Dogs is very uncertain. In GSD's a liver has a strong tendency to die in utero or soon after birth. There is no evidence to suggest that such is the case in Cardigans.

The most difficult argument to counter is that which arises out of concern for our history and tradition. This argument rests on the value conflict between conservation and innovation. This lively and ancient argument pervades our entire culture, not just the dog world. We bring our prior assumptions about these values into the current discussion about "new" dog colors. Our discussion can not be carried out in a vacuum, it carries the freight of our other cultural entanglements. This is not the context for a detailed analysis of the relationship between culture and change. We need to try and find a way through these cultural entanglements and our emotional commitments to them.

Many breeders will argue forcefully for our responsibility as conservators of tradition. They will understand themselves as only one stop in a long process, begun years before and culminating far in the future. The breed in theirs IN TRUST. Their goal is to preserve the breed in all its fullness to be passed on to future generations.

Others will understand themselves as developers of the breed. Their goal is to pass on their heritage to future generations in better condition than when they received it.

I believe that both attitudes are necessary for the good of the breed. A creative tension between the forces of preservation and directed evolution is required as a system of checks and balances to each other. Preservation recalls us to the past of a breed. evolution calls us to the future. A past with no future dies. A future with no past is terminally shallow and chaotic.

In terms of color, we theorize that the merle gene was introduced from another breed. Its full expression would give us (a) brindle merles (all shades) and (b) sable merles. The D gene gives us livers and liver brindles. Theoretically, we could have both genes present to give liver merles. We know that lemons and grays also exist.

Do we want to accept all of these colors as showable? Can we allow breeders to use blues with brindles or sable/reds? Should we continue to disqualify some colors?

This articles is not an attempt to resolve theses issues, but simply to clarify the areas of creative discussion. Arguments which are based in aesthetics or health concerns or the danger of "hidden" merles can no longer play a valid part in future discussions. The only valid area of contention is the argument between tradition and evolution. This important question does not need to be confused by spurious issues. Red herrings remain false no matter how often they are waved in front of us. What do you think? ♦

New Editor's Page

When Cathy called and asked me to write a little something about myself, I kept putting it off. But then I began to actually recollect the years, and couldn't believe I have been showing for 20 years. Am I that old, or was I ever that young?

In 1972 I started showing Old English Sheepdogs. As the breed grew in popularity my interest didn't. Around 1974 I fell in love with my first Briard. Then in 1976 I decided to start showing Skye Terriers. Through the years my back slowly gave out from countless hours of grooming. Then lo and behold in 1987, I actively started showing Newfoundlands. My first Cardigan was purchased in 1989, and my love for the breed grows more each day. I belong to the following clubs:

Cardigan Welsh Corgi Club of America
Lake Michigan Cardigan Club
Newfoundland Club of America
South Central Newfoundland Club
Briard Club of America
Skye Terrier Club of America
Indianapolis Obedience Training Club
Central Indiana Kennel Club

My past experience includes club office positions, Editor of club news letters, Show Chairperson, and show stewarding. Hopefully, I can uphold the high quality Cathy has obtained as Editor of the Bulletin. Believe me, I will certainly give this position 110% of my time and ability. Please be patient, and I welcome any suggestions or comments.

Marilyn D. Thorson

☆ VANTASTIC ☆

What a Weekend!!!

Back to Back High in Trials!!!

1994 CWCCA Specialty

Ch. OTCH Davenitch Vanna of Aramora

Vanna would like to introduce you to the entire Tesch Family. First is Kerry. He's the one on the other end of the leash. Second there's Kerry's coach, Jan. And last, but not least, are Alex and Vanessa, our distraction team. We would also like to thank all the people who sent congratulations and offered encouragement during our OTCH campaign.

Vanna puppies are planned for this fall. Reserve yours now.
